Noah Peters

Omaha, NE | 402-598-2795 | noah@cyacad.com

OBJECTIVE

Recent graduate of the Cyber Academy at Muscatatuck Urban Training Center (MUTC) with a passion for network security and certifications in Network+, Security+, and Linux+. Seeking a Junior Analyst position in Network Administration, Cyber Security, or Service Desk Support. Eager to leverage hands-on training with network and security tools in a professional setting.

MUTC is located between Cincinnati, Louisville, and Indianapolis. It serves as a U.S. Department of Defense (DoD) urban cyber testing and training environment and is home to "*Cybertropolis*", a simulation city with over 300 real-life training structures.

Cyber Academy students live on the military base, immersed in the training environment, and matriculate through curriculum co-developed by MUTC and Ivy Tech; experiencing the most advanced, state-of-the-art cybersecurity training available in the area.

TECHNICAL SKILLS

- **Scripting** with Python, Bash, and Powershell
- **Assessing Risk** (e.g. finding unsecure FTP server, discovering shadow IT, etc.)
- **Operating Systems**: Deep familiarity with the file systems, permissions, logs, and tools with MacOS, Windows, Linux, iOS and Android
- **Frameworks and Controls:** Familiar with best practices, policies, tools, and security protocols for National Institute of Standards and Technology (NIST) and International Organization for Standardization (ISO)
- **Intrusion Detection:** Experience monitoring network activity by using intrusion detection software – security information and event management (SIEM) products, intrusion detection systems (IDS), and intrusion prevention systems (IPS)
- **Packet Analysis:** Able to inspect packets to evaluate network anomalies
- **Threat intelligence:** Staying current on IOCs, TTPs, and attack campaigns
- **Cryptography:** Knowing the differences and use cases of symmetric and asymmetric encryption. Familiar with hashing algorithms and digital signatures

CERTIFICATIONS

- CompTIA Network+
- CompTIA Linux+
- CompTIA Security+

- TryHackMe Learning Paths
  - Introduction to Cyber Security (Complete)
  - Pre-Security (Complete)
  - SOC Level I (In Progress)
  - Cyber Defense (In Progress)

EDUCATION

Associate of Applied Science (AAS) in Cybersecurity
Graduated Magna Cum Laude w/ 3.9 gpa
Ivy Tech -- Columbus, IN **2024 - 2025**

Coursework for B.S. Informatics (interrupted by COVID pandemic)
Indiana University – Indianapolis, IN **2020 – 2020**
Indiana University – Bloomington, IN **2019 – 2020**

WORK SAMPLES

A comprehensive list of my cybersecurity projects and events can be found at the following GitHub address: Hack Me | Noah's CyberSecurity Portfolio

- IP Sweeper – scans IP addresses on a given network
- Port Scanner – scans for open computer ports on a given IP address
- Password Cracker – brute force password cracker
- Install Gentoo Using OpenRC – compiles computer from source
- VPN: set up virtual private network
- Raspberry Pi: created a nextcloud drive (e.g. private Google drive) on Raspberry device

WORK EXPERIENCE

Kroger, Carmel, IN **2021 -- Present**

Close Manager (9pm-5am shift) 2026 -- Present
Responsible for merchandising; the strategic process of planning, displaying, and promoting products to maximize sales and improve the customer shopping experience. Lead a team of stockers in replenishing and refreshing the store to its peak condition upon opening.

Produce Manager (evening shift) 2021 -- 2024
Responsible for the Produce Department.
Closed department nightly by stocking sales floor, storing extra product in the backroom, and making space for new deliveries. Maintained accurate inventory balance leading to the store consistently scoring high on regional inspections

- Provided extra value/profit by creating conditioned food (i.e. ready-to-eat)
- Moved all incoming produce out to sales floor or backstock
- Frequently worked overtime unloading additional trucks
- Conditioned and culled produce for freshness
- Creating and taking down sales displays
- Trained 6 new associates, reviewed their work, and provided feedback

Donatos Pizza, Carmel, IN **2018 -- 2020**
Frontline Associate
Prepared and packaged pizzas and sandwiches for customers. Restocked supplies, washed dishes, cleaned floors, managed cash register and tied out the balance each night

Self-employed, Zionsville, IN **2015 -- 2017**
Lawn mowing business
Managed lawn mowing services for 20 customers (up to 12 simultaneously) over three seasons (i.e. 30 weeks Apr-Nov)

- Acquired clientele by creating a marketing plan (e.g. business card, flyers, social media). More than 50% of new business came from referrals
- Provided estimates and offered several pricing options
- Priced, billed, and collected over $5,000 per year and budgeted for overhead (e.g. equipment, gasoline, maintenance). Most customers trusted me and prepaid a lump sum at the beginning of each season
